19. RESEARCH ACTIVITES/PROJECTS (Past and Present)

<i>Current Research Years/Duration</i>	<i>Position /Title / Sponsor</i>
1. July 2024 – January 2028	<p>Principal Investigator (PI) - Horizon - Sustainable Trade Regimes with Europe and Africa Through Mapping Innovation, New-Technology and Growth-Mind-set (Streaming) – Funded By The European union</p> <ul style="list-style-type: none"> ❖ The STREAMING project aims to develop strategies for fair, healthy, and environmentally sustainable food systems across Africa. ❖ By fostering connections between basic research and practical implementation, ❖ The project seeks to promote innovation and entrepreneurship among various target groups, including women, researchers, students, and farmers ❖ Allocation to JOOUST = €193,112.5 = KES 27,835,200/=
2. March 2024 – to- February 2026	<p>Principal Investigator (PI) - Fostering Agricultural Machinery and Food Technology in Senegal and Kenya (FAMFISK). Funded by the Bavaria Machinery Ring Foundation/Bavarian Chancellery, Germany</p> <ul style="list-style-type: none"> ✚ Machinery Ring Foundation based in the State of Bavaria, Germany plans to set up more Machinery Rings in Senegal as well as additional machinery rings in Kenya ✚ to promote Mechanization and Modernization of the Agricultural sector ✚ JOOUST ALLOCATION = €45,680 = KES 7,080,400/=
3. January 2024 – to- December 2025	<p>Principal Investigator (PI) - GREEN FUTURES PROJECT – Sponsored by The German Ministry of Agriculture</p> <ul style="list-style-type: none"> ❖ The Project concerns Cultivating Capacity and Cooperation: Sowing Seeds for Sustainable Agriculture” ❖ “Innovating Green Futures: Transformative Capacity Building in African Agriculture” ❖ “Green Futures: Capacity and Cooperation for Transforming Agriculture” ❖ Allocation to JOOUST = €20,0020 = KES 2,802,800/=
4. July 2024 –to- July 2028	<p>Principal Investigator (PI) - ERASMUS MAINSTREAM [Mobility for Agricultural International Networks Supporting Thematic Resilience Enhancing Adaptation and Mitigation] –</p>

	<p>Sponsored by EU</p> <ul style="list-style-type: none"> ✓ Strives to influence common agenda for addressing education and skills improvement for the agricultural knowledge systems (focusing on climate change resilience) both at regional and country levels ✓ Targeting transformations with the Tertiary agricultural education community (networking, South-South exchanges, leadership and entrepreneurship programmes, etc.), ✓ Policy and industry actors ✓ Allocation to JOOUST = € 243,716 = KES 38,507,128 [Inclusive of Institutional Support]
5. June 2023 –to- June 2026	<p>Principal Investigator (PI) - ERASMUS CHAIN [Cooperation for Holistic Agriculture Innovation Nets]. Sponsored by the European Union (EU)</p> <ul style="list-style-type: none"> ➤ The objective is to develop an innovative Masters in Agricultural Commodities Value Chain Management (MACVM) with a Practicum element and common Course Units for the 6 African Partner Universities ➤ Allocation to JOOUST = €76,761 = KES 11,821,194 ➤ JOOUST Role -Work package #2 – Curriculum Innovation
<p>Cumulative Current Total Amount KES 88,046,722 = € 628,905.16</p>	
Previous Research Activities	
September 2020	<p>Funding competition Agri-tech catalyst round 10: agriculture and food chain innovations in Africa – “Development of the Blue Economy Intervention Portfolios to increase Value in the Victoria Priority Cage-Fisheries in Kenya”, (2ND Global Competition Research Fund Proposal -JOOUST RESEARCH TEAM). Funding: £250,000 and £1 million.</p>
September 2020	<p>Funding competition Agri-tech catalyst round 10: agriculture and food chain innovations in Africa - Promoting sustainable mango value chain for food and nutrition security and increased family incomes in the riparian communities of the Kenyan Victoria basin, (2ND Global Competition Research Fund Proposal -JOOUST RESEARCH TEAM). Funding: £250,000 and £1 million.</p>
February 2020 – to- Present	<p>Enhancing community resilience to climate change through sustainable sorghum value change for improved small holder food security and incomes. (Sorghum Value Addition, Utilization And Market Linkages Component). National Research Fund (KES 800,000/=)</p>
August 2016 – April 2017	<p>Principal Investigator - Baseline Survey on Alcohol and Drug abuse, Nairobi City Council. Sponsored by NCC. Funding: KES 7 Million.</p>
April 2014 – February 2015	<p>Principal Investigator (PI). Impact Assessment Survey – Smallholder Dairy Commercialization Programme. Sponsored by Ministry of Agriculture, Livestock and Fisheries State Department of Livestock/ IFAD. Funding: KES 9 Million.</p>

June 2013 – Present	African Partner. “Diversifying Food Systems: Horticultural Innovations and Learning for Improved Nutrition and Livelihood in East Africa” (HORTINLEA). Sub Project (SP9): Poverty, Vulnerability and Coping of Vegetable Producers and Consumers in Rural and Urban Areas of East Africa; and SP12: Emerging Value Chain Strategies for Indigenous Vegetables. Sponsored by Global HORTINLEA Project German/African Partners. Funding: KES 8 Million
June 2013 – March 2014	PI. Market Assessment and Private Sector Linkages between Farmer Groups/Farm Forestry Networks and Private Companies involved in Trading, Processing, and Micro-Finance. Sponsored by KWLS-SCBFFE. Funding: KES 10 Million.
November 2012 – June 2013	PI - Pilot Study on Milk Container Price Elasticity of Demand, Performance and Acceptability in selected regions in Kenya (South and North Rift; and Central Kenya). Sponsored by Melinda and Bill Gates Foundation/East African Dairy Development Board/Heifers International. Funding: KES12 Million.
September 2012 – May 2013	PI - Small Holder Horticultural Development Programme (SHDP)/Irrigation Water Users Association Legal Advisory project. Sponsored by the Ministry of Agriculture. Funding: KES 8 Million.
October 2010 – February 2012	Co-Principal Investigator (Socio-Economist) - Enhanced Village Chicken Production Through Parasite Management for Effective Newcastle Disease Vaccination in Kenya. Sponsored by RUFORUM. Funding: KES 4 Million.
November 2009 – July 2011	Co-Principal Investigator (Socio-economist) - Enhancement of Sustainable Livestock productivity and Marketing through Control of Rift valley Fever virus in Eastern Africa, sponsored by RUFORUM. Funding: KES 5 Million.
January 2007 –to- November 2008	Co-Principal Investigator (Socio-Economist) - Identification and Management of Risk factors associated with pre-weaning mortality and mastitis in goats in Peri-urban areas of Kenya, Sponsored by the Commission for Higher Education (CHE). Funding: KES 6 Million
November 2004 – December 2008	Project Team Leader and Principal Researcher Socio-economics Component - The Investigation of Mercury and Radioisotopes levels, and Assessment of their Socio-Economic impacts on selected wetland communities in the Lake Victoria basin: the case of Uganda and Kenya, Sponsored by VicRes/IUCEA/SIDA. Funding: KES 10 Million.
November 2002-to-April, 2003	Co-Principal Investigator - Insect Resistant Maize for Africa (IRMA), The case of Consumer Preference “ a Survey of the Kenyan Urban Consumer preference for GMO Maize meal”, Sponsored by CYMMIT/KARI. Funding: KES 5 Million.

21. POSTGRADUATE STUDENTS SUPERVISION

Year	PhD Student Details/Status
1. March – 2024 Graduated	OREYO, Japheth Kennedy Otieno [A461/4089/2020]. Doctor of Philosophy** Thesis in Food Security and Sustainable Agriculture, JOOUST: Contribution of Agricultural Extension to Insect Farming For Food And Nutritional Security Among Smallholder Farmers In The Kenyan Lake Victoria Basin
2. March - 2022 Graduated	MAGEGO, Jared Linus (P162/4149/2017). Doctor of Philosophy Thesis in Spatial Planning and Natural Resource Management, JOOUST: Institutional Mechanisms And Livelihood Dynamics Of Artisanal Fisheries Communities in Kenya.
3. November – 2019 Graduated	MOGORIA, Naomi Apali (P162/4149/2017). Doctor of Philosophy Thesis in Spatial Planning and Natural Resource Management: Determinants of Gender Willingness to Participate in Co-Management of Ecotourism Resources.
4. December – 2018 Graduated	OTIENO, Abel Benard, Doctor of Philosophy in Agricultural Economics: Indigenous vegetables value chain mapping and analysis, HORTINLEA Project – JOOUST/Humboldt University, Germany
5. January- 2016 Graduated	OLALA, Monica Atieno (A461/4378/2012) Assets in Community/Household Food security in Rural Central and Eastern Kenya. Doctor of Philosophy Thesis in Food Security. JOOUST.
Year	MSc Student Details/Status
1. March – 2024 Graduated	OSORO, Noam Nyanchama (A451/4255/2018). MSc. Food Security and Sustainable Agriculture, JOOUST: Edible Insects Acheta Domesticus (House Cricket) Value Chain Analysis for Enhanced Margins and Food Security in the

	Kenyan Victoria Basin.
2. November – 2023 Graduated	Kambani Junior , Mathews Laston (A451/4142/2019). (A451/4142/2019). MSc. Food Security and Sustainable Agriculture, JOOUST: Traditional Knowledge, Beliefs and Practices on Collection of Lake Flies (Chaoborus and Chironomus Sp.) and Their Implications on Food Security
3. March – 2023 Graduated	OYARO , Hagai Ongecha (A451/4213/2018). MSc. Food Security and Sustainable Agriculture, JOOUST: Determinants Influencing Cricket Farming Adoption among Riparian Communities in the Kenyan Victoria Basin for Improved Food Security
4. March 2022 Graduated	NG'ONG'A , Charles Adino (A451/4253/2018). MSc. Food Security and Sustainable Agriculture, JOOUST: Growth performance of Acheta domesticus and Gryllus bimaculatus production reared under improvised cage system for increased returns and food security.
5. December 2022 Graduated	WADEYA , Lennox Ongwech (AGR/PGEC/0007/16) – MSc* Agricultural Economics and Resource Management, University of Kabianga: Determinants of Credit Access and its Effect on Smallholder Dairy Farm Income in Kinangop Sub-County, Nyandarua County, Kenya.
6. October 2021 Graduated	CHEROTICH , Everlyne Mwangangi (AGR/PGEC/011/11). MSc* Agricultural Economics and Resource Management, University of Kabianga: Determinants of Food crop Diversification among smallholder maize Farmers for Enhanced Food Security in Bomet County, Kenya
7.
